## Councilman Fred Fox's Greetings

*Hello Elders, Community Members and Relatives,*

Our summer is coming to an end, and we are soon approaching the start of a new school year for our children. We will be having our Back-to-School bash in Bismarck and White Shield. We will also be distributing gift cards for all the students at the Back-to-School bashes and will have some great door prizes at the events.

The White Shield Powwow had a great turnout and I want to congratulate the 2022 Arikara Celebration Committee. Also, Good Luck to the new 2023 Committee, I'm sure you guys will do well. We will be making a few upgrades at the powwow grounds and arbor this coming year. So get ready to see some great (much needed) changes to our arbor so we can accommodate the celebrations better. I would also like to congratulate the Rodeo Committee for the annual White Shield Stampede. I didn't get to make it out there, but I heard they had a lot of contestants, and it had a great turnout.

The North Dakota Petroleum Council Bakken Cookfest was a great event that everyone enjoyed. This event is for all the Oil Producing communities in North Dakota. Even though White Shield isn't an oil-producing community, the millions in new infrastructure in the community represent the revenue produced with Oil & Gas Tax revenue. The Cookfest offered some learning sessions on Bakken basics and the

*Councilman Fred Fox speaking at the 2022 Strengthening Government to Government Relationships & Partnerships | Bismarck Events Center*

future of Oil Development in North Dakota and the Fort Berthold Reservation. The best part of the Cookfest was the free barbecue by the Oil Producers on Fort Berthold. I would like to thank the NDPC for holding the event in the Community and also spot lighting the developments in White Shield.

The White Shield elders recently had traveled to the Casino for a dinner, entertainment and most importantly a \$3,000 Elder Disbursement. They also traveled to the North Dakota State Fair to take part in the Senior Day Festival. It looked like they had a great time. Speaking of disbursements, there will be a disbursement for everyone in August. It will be here just in time for children going back to school.

The MHA elections are approaching, and the elections are for the positions of Chairman, Parshall, Four Bears, and Twin Buttes Segments. I would like to wish all the candidates the best of luck on their efforts on running a positive campaign and seeking to either continue doing a great job or seeking to change the current administration. It's not easy going out

there and campaigning and getting your point across to the constituents of the MHA Nation. Not everyone is going to like the candidate due to different views or just not having a likeness to him or her. I know personally that you will not please everyone and you can probably do the best job you can and people will still have a negative view of you. It's a very tough job but it's a experience that is very humbling. There is a verse in the Bible I look at from time to time. (Luke 6:27-28) Says "Love your enemies, do good to those who hate you, bless those who curse you, pray for those who mistreat you."

I would like to wish everyone a safe and enjoyable rest of the summer. If you have to travel please give yourself enough time to get where you're going.

***Thank you and God Bless.***

*Fred Fox*

# White Shield Veterans Center Ground Blessing

On June 14th the Young Hawk Bear Post 253 and Ladies Auxiliary joined architects Michael Laverdure and Jennifer Eggen of DSGW along with contractor Bryan Butterfield (Woodstone) to celebrate the ground breaking of the White Shield Veterans Center project. The Veterans Center is located just east of the Nishu Lodge and includes office spaces, conference room, media work room, flex telemed room, kitchen and an armory.

# MHA Systems Incorporated Grand Opening

Thursday, June 9, 2022 | Phoenix, AZ

MHA Tribal Business Council Members gathered in Phoenix, AZ to celebrate the grand opening of MHA Systems Incorporated satellite call center office.

The company currently focuses on Call Center Operations to provide top-quality, professional customer centered, services in the direct-to-consumer online lending industry.

MHA Systems began in 2002 with our administration office in Parshall, ND. In 2018, the company expanded by adding an office for our corporate call center headquarters located in Bismarck, ND. Most recently, in 2021, an additional satellite call center was added to the Phoenix, AZ metro area. Currently, all three locations are open and operating in support of our growing company.

# New medical facility in White Shield sparks hope for future healthcare in the area

By Grace Kraemer | KFYP  
Published: June 22, 2022

On Wednesday, medical staff and community members unveiled a new state-of-the-art medical clinic in White Shield. For many residents living in the community, it's the only facility of its kind for miles.

The grand opening of the White Shield Medical Clinic is not only a new wave of healthcare for the area — it's also a sign of hope.

“It's going to be something we always needed because we have had to travel either to New Town, Minot, Bismarck, so a lot of

people don't have the ability to travel to get those services, so now they have it right here in their home,” said Fred Fox, a MHA Nation Councilman for the White Shield Segment.

The facility includes general medicine, dentistry, radiology, and much more.

“Our vision is to ensure that the health care and wellbeing of our people is accessible so that we can actually achieve better health and better outcomes,” said Kathryn Eagle-Williams, a doctor and CEO with the medical facility.

Community leaders said they hope the new facility will spark more interest in the healthcare industry and keep providers local.

“We made up our minds a long time ago when we were children to go into health care because we knew the need was here and what better way to live your life than to contribute to the wellness and health of your own people,” said Eagle-Williams.

The facility is open now to the public and will have a rotating schedule for different services throughout the month.

The MHA Nation Tribal Council and other planning committees are looking into building employee housing near the facility in White Shield to create better employee retention and interest in medical jobs. They are hoping to start that project in the fall.

## Hennen: There is a new Bakken Boom

Opinion by Scott Hennen  
July 23, 2022 05:12 AM

There is a different kind of "Bakken Boom" that is happening in North Dakota these days. It's building a better future for every corner of the Peace Garden state.

I'm writing this week's column in Trenton, a community of just 360 residents in northwest Williams County. I'm here for the North Dakota Petroleum Council's annual Bakken Rocks CookFest.

Ron Ness is the president of the NDPC.

"Cookfest is done in appreciation to the people in the communities where oil and gas activity is taking place," Ness said. CookFest brings industry and communities together for food and fun.

One of this years industry participants was Cerilon. Led by Nico Duursema, the organization is investing \$2.8 billion in a gas-to-liquids project here. Cerilon GTL is developing a large-scale, low carbon emission gas-to-liquids facility. The company looked at sites in Oklahoma, Louisiana and Alberta but decided on North Dakota. Why North Dakota? He says the answer is simple: "North Dakota really stepped up with a strategic vision and said, 'Let's come and do it.'"

# Helen Gough Scholarship

Helen Gough, Young Otter Woman, was born in 1904 in Nishu. She was an honorary member of the Ladies Auxillary.

In the 50's and 60's, oil was discovered on her land and she became a millionaire. She chose to live a modest life but was generous to her people.

She created a scholarship fund (the Helen Gough Scholarship) and helped establish the Three Affiliated Tribes Museum. In addition to the construction costs, her oil royalties also contributed to the upkeep of the museum.

She also contributed to the New Town Development Corporation, the Joseph Young Hawk- Elmer Bear Post 253, and the White Shield Congregational Church. Her foresight and generosity has benefited generations of our people.

For more information on the Helen Gough Scholarship please visit [www.mhanation.com/higher-education](http://www.mhanation.com/higher-education) and click on the Helen Gough Scholarship Foundation Application Form link.
