This network is offered only to members of Three Affiliated Tribes through the Tribal Health Insurance (self-funded) plan. The network for this plan consists of providers participating in our broad network, including access to MultiPlan's national network and Mayo Clinic Hospital Rochester. You may see other providers not listed in this network with the same benefit cost-share, however to best utilize the plan's funds and ensure you aren't balance billed, use of the providers in this directory is encouraged.
