Community Member Gifts Our Community The Mandaree Fall Festival

Photos courtesy of Lincoln family

If you were in the Mandaree community and attended the Mandaree Fall Festival than you witnessed the fun everyone had, it was an event where everyone was welcomed. This was a day filled with activities and events from the youngest to the oldest. Earlier this month the Fall Festival was held at the Mandaree Celebration grounds. Pictured above is Justin Fox lining up the kids in the category of horse races with ranch horses only. These kids were in the age group of nine years of age to eleven. This is just one of the many events and activities that were held on this day. Continue on page 4

Councilwoman Turner-Lone Fight Update

Greetings to all Community members and to those who live out of state. Before I begin this update; I would like to extend my sincere condolences to the family and relatives of Valari

Finley. We send our prayers of comfort to your children, and to your family and relatives.

Here at home school is in full swing. Our first day of Fall is on Tuesday the 22nd of this month. The leaves all around us are slowly turning yellow and orange fall colors. Time is just flying right by.

On behalf of West Segment; I would like to acknowledge and say thank you to Jerrilane Lincoln for all her effort and most of all for her sponsoring the Fall Festival. She put together an agenda for all the events and activities to take place. There were many activities and events from the youngest to the oldest. We are very grateful and very fortunate to have her in our community. She always thinks of everyone in our community. We also say thank you to the Lincoln family we all know you were a big part of these events and activities.

Also a reminder that the Diabetes Education and Health Promotion will have a free bingo and a light meal will be provided for ages 8 and up. This will be at the Water Chief Hall on Wednesday, September 30th at 5:30pm. If you would like more information you may call 701-627-7931.

West Segment hosted an employee party for all the employees. It was a day filled with fun and games at Skunk Bay by the lake. The menu was delicious grilled steaks, baked potato and toasted corn on the cob. I would like to thank all the employees who helped make this day a success.

West Segment has a special event for **Mandaree ELDERS 60 and over ONLY**. This is due to the capacity of people on the River Willow Boat. Elder's Day will be on Sunday, September 27th all elders will be on a cruise with River Willow riverboat in New Town. Everyone is asked to be here by 4:15 to board. The cruise will start at 5:00pm. If you cancel or change your mind, please call Renay so we can fill your spot. Remember the boat has a certain capacity so we must abide by that. To cancel call Renay at 421-4641

Thank you for being a good reader

Councilwoman Gladys Sherry Turner-Lone Fight

Mandaree Elders Program and Services

The MHA Elders Organization will provide financial assistance to all enrolled members 60 years of age residing ON the Reservation for the purposes described below:

- 1. After all other resources are exhausted such as Indian Health Services, Medicaid, Medicare, Veterans Benefits, Vocational Rehab, etc. MHAEO will financially assist the elder in the purchase of:

Glasses:	NTE	\$600.00
Dentures/Dental Work	NTE	\$4000.00
Hearing Aids:	NTE	\$4000.00

Any elders receiving hearing aids will not be eligible for the next 3 years. All costs over and above these amounts will be the financial responsibility of the elder.

MHAEO does not cover the cost of medical prescriptions, doctor bills, nor hospital bills.

- 1. In the event that an elder or their immediate member catastrophe such as a stroke, heart attack, cancer, 3rd degree burns, etc. which requires immediate emergency hospitalization in a major facility, the MHAEO will provide financial assistance to help defray travel expenses so that either a family member can be with their elder, or the elder can be with their sick relative. This assistance is given without consideration of the elder's income or other resources. It is not intended to meet the total financial need of the elder's emergency situation, only to "help out". In this situation, the elder will receive:

\$500.00 for "in-state" hospitalization

\$1,000 for "out-of-state" such as Minneapolis, Rochester, etc.

This help is given once a month as needed, and requires official documentation from the hospital describing the situation. The elder or their designated family member has the responsibility to provide the documentation. The elder, at the time they are enrolled in the MHAEO shall designate a family member to act in their behalf, should they become unable to make their own decisions. Financial assistance will be issued to only one elder in the immediate family. An elder may also receive assistance as listed above if a member of their immediate family is likewise in an emergency/Critical condition. The elder must provide official documentation to the MHAEO office from the hospital. Immediate family are blood relatives only and shall be the father, mother, spouse, brother, sister, son, daughter, or grandchildren of the elder.

- 2. Based on availability of funds, the MHAEO will financially assist elders who have medical appointments away from the reservation. The assistance will be as follows:

- 1. As expense allowance of \$200.00 will be given to any elder who has a same day medical appointment away from any reservation community, provided there is adequate documentation presented by the elder.

Adequate documentation will include an appointment slip showing time, date and physician/clinic. This paperwork will need to be given to the MHAEO director at least 3-5 business days before appointment.

- 1. If an overnight stay is recommended by the physician with whom the appointment is made with, and there is appropriate documentation from the physician/clinic, an allowance of \$350.00 will be made.
- 2. Medical appointments that occur in other areas such as Fargo, Grand Forks, etc., will be treated as an overnight stay and financial assistance will be provided in the amount of \$350.00, provide there are no other sponsoring agencies such as vocational rehab or the Veterans Administration. The elder must provide evidence of an appointment.
- 3. Elders having out-of-state referrals such as the Mayo Clinic, University of Minnesota, Sturgis VA Clinic, etc., will be financially assisted in the amount of \$500.00 provided there are no other sponsoring agencies such as vocational rehab, or VA. The elder must show in written evidence of appointment.
- 4. If another agency like CHR. Vocational Rehab, or VA provides transportation MHAEO will provide a meal allowance of \$50.00 for the elder. The elder must provide adequate documentation.
- 5. As it permits, the elders organization does have a worker when needed to:

*Provide home visits to the elders to assist them as necessary to remain safe in their homes for as long as possible.

- Although the elder's family is responsible for the well being of their elder, the program will be a resource to bring help to the family in their care of the elders.
- Light housekeeping is provided to elders upon request and availability, and if the elder is living along without a caretaker.
- As time permits, MHAEO staff will assist elders in running errands such as delivering medications, getting groceries, getting the mail.
- On rare occasions when there are no other resources available as family member, CHR, etc. the MHAEO staff will transport elders to medical appointments.
- As necessary, elders will be assisted in the procurement of assistive devices such as wheelchairs, handicapped accessories provided there is no other resource available.
- For non-ambulatory elders, financial assistance will provide to build a handicap ramp up to \$550.00. In this instance the MHAEO provides the materials and the family or some other such resource provides the labor. MHAEO is not responsible for the upkeep or the maintenance of the ramp.

Contact Maria Two Shields, Executive Director: 704-421-3580 for more information. Submit applications to MHA Elders Organization

Mandaree Fall Festival

The Mandaree Fall Festival was sponsored by a young woman who loves to give back to her community. She has done this before by sponsoring various events at the Mandaree Celebration and to the West Segment community. Her family takes the time and effort to be involved and they help out where they can. Jerrilane parents are Nina and Monte Lincoln who reside right in the

West Segment community. In the top photo is Jerrilane Lincoln and the woman waving is Terri Logg sitting beside her is Lorraine Howe both on hand to help. Great prizes were as follows; play station, headphones, TVs, bikes, hovers boards, scooters, a grill, water container and a lot of other house hold items. According to Jerrilane, she states; “I had so much fun with everybody, seeing all the smiles on everybody’s face. I am now thinking about doing something in December. I want to thank everybody that made soup and fried bread. You all made enough to feed everyone a little snack before dinner. I also want to thank the two caters; Biggs Jr Keeswood and Nancy Lincoln. A big thank you to Justin Fox and Randy Phelan, Adele Phelan, and Lorraine Howe, Toney Phelan and my dad and the White Tail family. All the kids for wanting to help where they can and made it a beautiful day!

His expression on his face says it all while he’s holding his prize that he won! His own very play station five. One happy boy during the Mandaree Fall Festival. List of events; Parade, 1 mile foot race for all ages. Horse races were all in age categories, football throw, wagon races, scavenger hunt, frybread contest, soup contest, kick dance and rez car pile in. All along with door prizes. Announcers; Justin Fox and Randy Phelan.

Mandaree Employees Gather for Fun at Skunk Bay

Photos by Sidney Huntsalong

Kids hanging on in the tug of war!

West Segment events and Councilwoman planned an employee day. It was an awesome day we all went to Skunk Bay down by the river. The kids even got in the river to swim. The Highlight of the employee day was when we were in teams of five and given certain items that we had to make a pair of large earrings. That was hard we were told to use all the materials they gave to us. We all had fun putting these big huge earrings together then one person from the group had to wear them and dance in grand entry. It was full of laughter as contestants tried to keep their earrings on and not fall off. We had loads of fun and we all ate really good! The food was grilled steak, corn on the cob, baked potato and pie. Thank you to Councilwoman and the events department we sure had a fun fulfilled day!

This was hilarious here is Don Mckenzie trying hard not to lose his earrings. While others are dancing in the grand entry.

Yay! It was Don Mckenzie and his team who won! Everyone did a good job on their earrings! But Don and his team had the earrings that won the contest.

Trump administration attacking tribal sovereignty through rescission of National Historic Preservation Act (NHPA) section 106.

As Native Nations, we carry a responsibility to protect the places our ancestors left in our care. Our

relationship with the land spans across generations and is our original instruction as indigenous people to protect. Burial grounds, ceremonial places, traditional cultural properties, historic sites, trails, waterways, and cultural landscapes hold our history, our identity, and our living connection to those who came before us.

Section 106 provides an important avenue for our Nations to bring traditional knowledge and responsibility into federal decision-making.

When a federal project has the potential to affect places of cultural significance, Tribal Nations deserve prior informed and written consent as well as meaningful consultation early in the process. Our knowledge of the land can identify cultural resources that may never appear in an archaeological survey or on any government database.

Protecting Section 106 means protecting that voice and preserving the ties to the lands and waters that all indigenous nations treat as living relatives.

That also means recognizing that cultural resources can carry significance far beyond what can be measured through age or historical documentation. A landscape can tell the story of our people as we acknowledge the history and spirit of those areas. A particular place can carry spiritual responsibilities. A burial site represents an ancestor who deserves dignity and protection.

Once these places are damaged or destroyed, generations lose something that can never be fully restored and the spiritual DNA of our people is tragically severed.

Our Nations have already endured generations of removal, dispossession, cultural suppression, and the destruction of places central to our identity. We should not have to continually fight for recognition of the places that survived.

Section 106 gives Tribes an opportunity to preserve our history, knowledge, and honor tribal sovereignty before decisions are made.

Protect Section 106. Protect Tribal consultation. Protect our sacred places. Protect the stories and responsibilities we inherited from our ancestors, so they remain for the generations who come after us.

The ND Legislative Special Session-House began yesterday September 2, 2026 in Bismarck.

I am disappointed by the lack of concern for childcare and an pressing issue as we go into this special session.

We are prioritizing certain issues are important enough bring lawmakers back to Bismarck --and I agree--, yet when it comes to childcare and responsible planning for data center development, there was not the same urgency.

Nearly 1,900 North Dakota households are waiting for childcare assistance. That need is real, and the consequences are being felt by working families across the state as affordability is not just a North Dakota issue.

In rural communities, the impact is even greater. Childcare is essential to keeping parents in the workforce and allowing families to remain in their communities. When childcare is unavailable or unaffordable, parents are forced to make difficult choices about work, income and whether they can continue living where they have built their lives.

Representative Lisa Finley-DeVillé

The ND Legislative Special Session-House began yesterday September 2, 2026 In Bismarck.

I am also disappointed that lawmakers rejected a proposed moratorium on new data center development.

I am not opposed to economic development or new technology. I am opposed to moving forward without making sure our communities are prepared for the impacts. Data centers can bring investment, but they also raise important questions about water, electricity, infrastructure, land use and the costs communities may be expected to carry. All of these things I believe are important to all North Dakotans.

A temporary moratorium would have provided an opportunity to take a closer look at those questions and establish clear standards before development moves forward at a pace that communities may not be prepared to handle.

We have to be willing to look at what North Dakota needs today while also thinking about what our communities will need ten and twenty years from now.

Working families need childcare. Rural communities need infrastructure and stability. Communities considering major development need a meaningful voice in what happens in their own backyards.

From District 4A Representative Lisa DeVille

These issues deserve the same attention and urgency as any other issue brought before the Legislature.

North Dakota cannot talk about growing rural communities while overlooking the basic needs that allow families to live and work in them. When our rural communities do well, our state does well.

Representative Lisa Finley DeVille

September 9, 2026

RE: Testimony in support of the proposed temporary moratorium on large scale data center.

Chair and members of the McKenzie County Commission,

My name is Lisa Finley-DeVille, and I serve in the North Dakota House of Representatives. I support the proposed temporary moratorium on large-scale data center development in McKenzie County.

A moratorium is not a permanent ban. It gives county leaders and residents time to understand the potential effects on electricity, water, noise, infrastructure, property rights, and nearby communities—and to establish strong protections before projects move forward.

While gathering signatures for the petition, Mandan, Hidatsa, and Arikara Nation residents living in McKenzie County supported the proposal overwhelmingly. Their voices deserve to be heard and respected. People should not be forced to accept developments of this size before they understand the consequences or have meaningful safeguards in place.

McKenzie County should take the time necessary to protect its residents, natural resources, and future. I respectfully urge the commission to approve the temporary moratorium.

Representative Lisa Finley-DeVille
North Dakota House of Representatives

A step backwards for tribal nations, and our land.

I am deeply disappointed by the Bureau of Land Management’s proposal to roll back commonsense oil and gas bonding and reclamation protections.

For those of us who live in oil-producing communities, reclamation is not an abstract policy debate. We live with the wells, roads, pipelines, spills, and impacts to our land and water long after the drilling rigs move on.

The 2024 BLM rule finally updated bonding requirements that had gone largely unchanged for decades, increasing minimum bonds to better reflect the actual cost of plugging wells and reclaiming the land. Now, BLM is proposing to reduce those minimums from \$150,000 to just \$10,000 for an individual lease and from \$500,000 to \$25,000 for a statewide bond.

That is a major step backward. Not good for North Dakota.

As someone from the Fort Berthold Reservation, I have seen firsthand what happens when oil and gas development moves forward without adequate accountability. When companies walk away from their responsibilities, the land does not simply heal itself—and taxpayers and communities should not be left holding the bill.

I support responsible energy development. But responsible development means that the companies profiting from our natural resources must also be responsible for cleaning up after themselves.

We should be strengthening protections for landowners, Tribal nations, taxpayers, our water, and future generations—not weakening them.

If you make the mess, you should pay to clean it up. It really is that simple.

Mandaree EMS

Hello from Mandaree EMS!

As autumn approaches, we wanted to share a few updates regarding seasonal changes and safety precautions for September 2026.

Weather & Temperature Fluctuations

This month is bringing a mix of unseasonably high daytime temperatures followed by rapid cooling in the evenings. To stay safe and comfortable, we recommend dressing in layers to adjust easily throughout the day. Please keep in mind that children and older adults are particularly sensitive to these rapid shifts. We encourage everyone to check in on elderly family members and neighbors to ensure their heating systems are functioning properly.

Allergies & Respiratory Health

September is a peak month for environmental allergies, particularly from ragweed pollen and mold spores. If you have asthma or any other respiratory conditions, please ensure you have your prescribed inhalers and nebulizers available.

Insect Activity

This is the prime time for bee and wasp activity. Please remain cautious, as insect stings present a heightened risk for severe allergic reactions during this season. If you have a known severe allergy, ensure your EpiPen or auto-injector is not expired and that you always carry it with you. Seek immediate emergency medical care or call 911 if you or someone else experiences trouble breathing, swelling of the throat or tongue, dizziness, or a widespread rash or hives. For individuals who do not have an allergy to insect venom, a sting will typically cause localized pain, redness, and some swelling that resolves within a few hours to a couple days. If stung, take Benadryl (only if you know you are not allergic to the medication), wash the area and apply an ice pack or use a 0.5-1% hydrocortisone cream to help reduce the swelling, itching and pain.

Stay safe and warm!

Shantel AEMT

Help Keep Our Community Safe! It's Flu Season!

Protect your loved ones and get your flu shot this flu season.

An annual flu shot is recommended for everyone aged 6 months and older to help prevent and protect yourself, your family and our community.

Getting vaccinated lowers your chances of getting sick and passing the virus on to your loved ones and others. Babies under 6 months, elders, pregnant woman, and those with chronic underlying health conditions face the highest risk of developing severe flu complications.

If you do contact the flu after being vaccinated, the shot will help lessen the severity of the illness and reduces the risk of hospitalization. Please keep in mind that it take about two weeks after receiving the shot to build full immunity. Practicing frequent handwashing hygiene and staying home when you feel unwell also significantly helps reduce the spread of the virus. Immunizations saves lives. Protect yourself to help protect others by visiting your local clinic, pharmacy or healthcare provider to get vaccinated this flu season!

We care about our community, families, and elders-lets help keep each other healthy!

September 25, 2026	Selling All Unit Tags starting at 8:00am- Online Purchasing is open to TAT Members Only
--------------------	---

2026 DEER GUN SEASON DATES: NOVEMBER 6, 2026 - NOVEMBER 29, 2026

- ALL TAGS WILL BE SOLD ON A FIRST-COME, FIRST-SERVED BASIS.
- A set number of tags will be set aside for each segment's in-person sales.
- Persons who are purchasing licenses for segment residents who are unable to make it to the in-person sales must have a 2026 TAT Member Deer Gun Application filled out along with a photocopy of their ID (the address on the ID will be used to verify segment residency), and a copy of their Hunter Education Certification. (Persons born after December 31, 1961 must present their hunter education certification card to purchase a deer gun license. EXCEPTIONS: Veterans of the United States Armed Forces that have been honorably discharged – persons applying for this exemption MUST present a copy of form DD214 to be eligible). There will be a limit of 4 if purchasing for others.
- If you wish to purchase a deer gun tag for a segment you are not a resident in, don't worry! We will set separate tags aside to sell at the New Town F&W Office and online on September 25, 2026. All Units (1-4) will be available on this date.
- TAT Members who DO NOT reside within the reservation may:
 - 1.) Purchase their tags in person on September 25, 2026
 - 2.) Purchase their tags online on September 25, 2026, or
 - 3.) Mail in a 2026 TAT Member Deer Gun Application.
 - Mail-in applications are ONLY available to TAT Members who do not reside on the Fort Berthold Reservation. Any mail-in applications we receive from TAT-enrolled members who reside on the reservation will be DENIED. NO EXCEPTIONS. Mail-in applications may not be postmarked sooner than September 14, 2026.
- A 2026 Request for Designated Shooter Form must be filled out for ALL designated hunters for TAT Elders. Designated Shooter tags cannot be purchased online—forms must be submitted in person. NO EXCEPTIONS.
 - Elders requesting a designated shooter will receive an antlerless tag only.
 - Designated Shooters may only be assigned to one elder.
 - Keep in mind that each segment has a limited number of doe/buck tags and that elder tags are also allocated on a first-come, first-served basis.
- We will be accepting payments in cash and credit/debit cards only. NO PERSONAL CHECKS or MONEY ORDERS.
- Any person with any incomplete 2025 big game questionnaires will be charged an additional \$20.00 per outstanding questionnaire.

2026 DEER GUN SALES WILL CLOSE AT 4:30PM NOVEMBER 5, 2026.

Deer Gun Permit Fees:	
TAT Member	\$25.00 Antlered; \$10.00 Antlerless
Elder TAT Member	No Charge Antler or Antlerless

SPOUSE OF TAT ENROLLED MEMBER

Tags will be sold during in-person tribal member sales at all locations. A limited number of Spouse tags are available and will be sold on a first-come, first-served basis. Applicants must be present to purchase. If the applicant is unable to appear in person, only the applicant's legal spouse may purchase the tag on the applicant's behalf. To purchase a tag at an outreach segment location, applicants are required to be a resident of that segment. Otherwise, tags may be purchased on Friday, September 25, 2026. Applicants must present a valid state-issued ID with your current physical address to verify residency. Reminder: Spouse of Enrolled Member (SOEM) status must be approved by our TAT Game & Fish office prior to purchasing a spouse tag. If your SOEM status has already been approved, you do not need to submit another application. If your status has not been approved, you must submit a Spouse of Enrolled Member Status Form by September 4, 2026. We will NOT be accepting these forms during in-person sales.

Deer Gun Permit Fees:	
Spouse of TAT Enrolled Member	\$100.00 Antlered; \$50.00 Antlerless

NON-MEMBER TAT RESIDENT

Tags will be issued by computer lottery. Each applicant may enter the lottery for only one unit of their choosing. Lottery entry for a Non-Member Resident may only be purchased in person through the TAT Game & Fish Office, October 5–October 22, 2026, at \$25 per entry (non-refundable). Residency will be verified at the time of purchase. Applicants must present a valid state ID showing current address and proof of at least six (6) months residency. The drawing will be held October 23, 2026, and winners notified by email.

Obituary

Valari Angela Finley “Strong Spirit Woman” was born January 25, 1973 to Evan Finley Sr., and Beverly Flute.

She was raised in Oakland, California and moved to Kansas in her teens. In 1992, she graduated from Washington High School in Kansas City.

She started her college education at ETI Technical College of Niles, OH in 1996 working toward a degree in Paralegal. She finished her degree at Brown Mackie College of Lenexa, Kansas in 2007. She worked as a receptionist in Kansas and later at Four Bears Casino in New Town.

Valari’s main job was being a mom, but she moved home to help care for her father in 2008.

Valari was blessed with five children. Her union with Timothy Mock brought her Teighlor in (1992) and Dakota (1993). Kateri (2000), Peter Jr., (2001) and Lelani (2003) were with her husband Peter Hathaway Sr., she later married Kevin Wilson. She lived in Ohio, Kansas and North Carolina as well as several cities in North Dakota including Mandaree, Minot, New Town and most recently, Hankinson.

Valari enjoyed camping and walking, listening to music and hanging out with friends. She liked traveling and working on her family tree.

She cherished spending time with her family. Faith was important to her, and she raised her children in the church.

Valari was loved and will be greatly missed by her family. At the age of 53, Valari Finley passed away at a Fargo hospital.

Eternal rest grant her unto her, O Lord, and let perpetual light shine upon her.

Valari’s treasured family; Children; Teighlor Mock, Dakota Mock, Kateri Hathaway, Peter Hathaway Jr., Lelani Hathaway. Grandchildren: Tracy Lyson, Sean Lyson, Landon Bradley, Darrious Waring, Ma’Nisa Larks, Rahi Larks. Niece; Mahal Kelsey. Many aunts, uncles and extended family members.

Valari was preceded in death by her parents; paternal grandparents; Evan Sr., and Louise (Black Hawk) Finley; and her sister; Gerarda Finley.

From Councilwoman Gladys Sherry Turner-Long Fight & Personal

The Mandaree School will have fall break beginning on Monday, Oct.12 to Friday, October 16th. So mark you

calendars! Don't Forget Homecoming is on Friday, October 9th!

ATTENTION PARENTS!

OUR CHILDREN'S SAFETY STARTS AT HOME.

We do everything we can to protect our children in the real world—but are we protecting them in the digital world? Today, a phone or tablet can open doors to a world our children may not be ready for. Let's make sure we don't leave them vulnerable to things we wouldn't want them to see, do or experience.

OUR CHILDREN ARE PRECIOUS. OUR FUTURE. OUR RESPONSIBILITY.

CHILDREN CAN BE EXPOSED TO:

VIOLENCE

SEXUAL CONTENT

DRUGS & ALCOHOL

BULLYING & HATE

ONLINE PREDATORS & EXPLOITATION

INAPPROPRIATE CONTENT

CHILDREN MAY NOT RECOGNIZE THE DANGERS. THAT'S WHY WE HAVE TO.

WHAT YOU CAN DO:

- Know what apps and platforms they are using.
- Use parental controls and monitoring tools.
- Know who they are talking to online.
- Talk to them regularly about online safety.
- Teach them never to share personal information or private images.
- Have open conversations about what they see and experience online.
- Let them know they can come to you without fear of being punished.
- Regularly check their devices, messages, and social media activity.

BE PRESENT. BE INVOLVED. BE THEIR Safe Place.

Monitoring isn't about invading their privacy—it's about protecting their safety.

LET'S WORK TOGETHER TO KEEP OUR CHILDREN SAFE, BOTH OFFLINE AND ONLINE.

OUR CHILDREN ARE WORTH EVERY CONVERSATION, EVERY BOUNDARY, AND EVERY MOMENT OF OUR TIME AND ATTENTION.

Brought to you by
